

Clarence... a brighter place

# CLARENCE CITY COUNCIL ACCESSIBLE TOURING OPTIONS

Each property has been individual inspected for accessibility for people with a physical disability by TasTAFE students in consultation with people with a lived experience.

# INTRODUCTION

These accessible touring options for the Clarence City Council area are suitable for people with a physical disability, wheelchair users, their friends, family, and carers.

The brochure was created by TasTAFE student Rowena Nagy, as part of her major project for the Advanced Diploma of Travel and Tourism Management and was assisted by her classmates Hashini Ranaweera and Vy Dinh, and Teacher Angela Bain.

We also consulted people with a lived experience when collating the information and doing inspections.

Each place was visited by us to ensure accessibility for a wheelchair user traveling on their own and that they are able to access each area appropriately and easily.

The criteria for inspection was designated as "Disabled Parking", "accessibility throughout for a wheelchair user" and "Disabled Toilet".

We wanted to ensure that when travelling, everyone has a choice about where they can go.

This brochure was made with the support of Destination Southern Tasmania and the Clarence City Council, as well as other stakeholders listed near the end of the brochure.

# ACCOMMODATION

## KANGAROO BAY APARTMENTS

These apartments offers accessible unit on their first floor, accessible via a lift through their carpark, and includes an accessible parking space for this resident. The car park space is quite small so you may choose to park on the street.
